INTERESTS

sports like cricket , football

RESUME OBJECTIVE

Bachelor of Technology (B.Tech) in Computer Science and Engineering – Specialization in Artificial Intelligence & Machine Learning
Jagran Lakecity University | Bhopal | *2023– 2027* .
Gained a solid foundation in core computer science principles with a focused specialization in Artificial Intelligence and Machine Learning. Curriculum included data structures, algorithms, databases, operating systems, and software engineering, alongside advanced AI/ML topics such as neural networks, deep learning, natural language processing, computer vision, and reinforcement learning. Hands-on experience with Python, TensorFlow, Keras, Scikit-learn, and cloud platforms. Developed and deployed machine learning models, completed real-world projects, and worked with large datasets using data preprocessing and model evaluation techniques.

WORK EXPERIENCE

Jul 2018

fresher
Fresher, Bhopal

Machine Learning Intern
Self-Project / College Project | Jan 2024 – Apr 2024
- Built a classification model using Python and Scikit-learn.
- Worked with data cleaning, feature selection, and model evaluation.
- Used tools like Pandas, NumPy, and Matplotlib for data analysis and visualization.

Major Project – AI/ML Based System
Final Year Project, B.Tech CSE | Aug 2024 – Apr 2025
- Developed a deep learning model using TensorFlow/Keras.
- Focused on solving a real-world problem using image/text data.
- Collaborated with a team of 3, handled model training and testing.

EDUCATION AND QUALIFICATIONS

Sep 2018 - Jul 2018

b.tech CSe AI/ML
Jagran Lakecity University, Bhopal
